

Swiss Luxury Apartments

Geneva, Switzerland

Straddling the line between private accommodation and exclusive hotel, Swiss Luxury Apartments offer the best of both worlds to enable business travellers to feel comfortable and connected in what feels like a home away from home. Housed in an exquisite historical building, formerly the home of Simon Wedgwood, descendant of the famous British pottery family, this lavish accommodation offers the very latest high-tech facilities, just two minutes' walk from Lake Geneva and 600m (1969ft) from the train station. Situated in the heart of the business district, the property boasts excellent transport links and is a stone's throw from the hottest bars and restaurants and the city's vibrant nightlife. Meeting all the needs of both business and leisure travellers, Swiss Luxury Apartments are a secure and cost-effective option whatever your needs in Geneva. Stays can be as long or as short as you like, and friendly staff are always on hand to help – cleaning your room and organising laundry and shopping, or keeping out of the way for those guests desiring greater privacy and independence.

An outstanding array of facilities includes a small but slick kitchenette area for those guests who wish to cook their own meals using the finest Swiss ingredients from nearby shops. The aesthetic is contemporary and sleek – all-white interiors are complemented by parquet flooring and elegant, antique gold door handles; traditional throwbacks from this historic building. Frette silk duvets, plentiful mounds of fluffy pillows, Nespresso machines, spacious bathtubs and even a wine chiller provide absolute luxury for the stressed-out business traveller. When it comes to work, there are also two ultra comfortable lounges on the ground floor, a high-tech business centre, a secure, high-speed Internet connection, in-house laundry services, private direct-dial phone numbers and private mailboxes which leave your stay here entirely stress-free.
