GENEVA, SWITZERLAND

SWISS LUXURY APARTMENTS
A PLACE TO LIVE AND WORK

Not quite a hotel, but not quite private accommodation, Swiss Luxury Apartments are fully equipped to make business travellers feel comfortable and connected in what feels like a home away from home. Just two minutes' walk from Lake Geneva and 600m (1,969ft) from the train station, this is the perfect location for exploring the city, with excellent transport links and close to all the hottest restaurants, the bustling business district and the city's vibrant nightlife. There is also a small but slick kitchenette area which neatly folds away for those travellers who wish to cook their own meals with the finest Swiss ingredients from nearby.

The aesthetic is contemporary and sleek – all-white interiors are complemented by parquet flooring and elegant, antique gold door handles; traditional throwbacks from this historic building. Frette silk duvets, plentiful mounds of fluffy pillows, Nespresso machines, spacious bathtubs and even a wine cooler provide absolute luxury for the stressed-out business traveller. When it comes to work, there are also two ultra comfortable lounges on the ground floor, a high-tech business centre, a secure, high-speed Internet connection, in-house laundry services and private mailboxes which ensure all business needs are met.
